Dear Sir/Madam

Re: Application to acquire land and rights in land compulsorily, to use land and to extinguish rights over land
Notice number 0010-7764N_339

Further to above, I have looked on line to try and understand the potential impact to my premises at 30 Castle Hill Dudley.

The plans appear very general in that all of Castle Hill roadway and footpaths appear to be subject to a compulsorily purchase order. It is not clear exactly where the proposed tram lines will run (which side of Castle Hill). Furthermore, it is not clear whether Castle Hill will remain a 2 way road or whether it is to become one way or indeed whether there will be any vehicular traffic at all once the tram line is built.

My concern is whether there will still be vehicular access along Castle Hill and vehicular access and parking provision to the front of my premises as clearly without it, it will have a severe detrimental impact to it.

If there are planned poles for the overhead electricity cables for the tram, again I am concerned that these be sited in such a position that they will not impede vehicular and pedestrian access/egress to my premises

I would be grateful for some further clarification

Yours Sincerely
